Packing Dimensions	17.2 x 13.2 x 6.7cm 6.77 x 5.20 x 2.64 in
Net Weight	240g / 0.53lbs
Gross Weight	360g / 0.79lbs
Carton Quantity	24 pcs
Carton Dimensions	58.0 x 42.0 x 20.0cm 22.83 x 16.54 x 7.87in
Carton Weight	9.25kg / 20.39lbs

Product Description

The amaran USB-C to 5-Pin DMX In & Out Adapter is a DMX expansion module that adds wired 8-bit DMX512 control to the amaran Ray 360c and 660c lights via a single USB-C connection. Seamlessly integrate your light with industry-standard consoles and software to scale into advanced studio workflows – from podcasts to music video sets and beyond.

5-Pin DMX In & Out. Whether programming precise cues, syncing multi-light looks, or triggering repeatable scenes, the amaran USB-C to DMX Adapter allows you to bring more precise, professional DMX control to your lights via USB-C.

Locking USB-C connector for secure connections. Featuring a screw-lock USB-C connector, the DMX Adapter ensures secure and consistent data transmission from your amaran Ray 360c or 660c light for reliable signal on set.

Clean, flexible mounting. Use the included hook-and-loop strap to fasten the DMX Adapter to the amaran Ray's handle or yoke or a light stand for a tidy setup, or mount via the integrated 1/4-20in screw when you need a fixed position.

Firmware updates via USB-A. In addition to offering wired DMX control, the DMX Adapter's USB-A port can output 5V/1A power, allowing you to update your amaran Ray 360c or 660c's firmware via a USB drive.
